**SET DATE FOR
 NOMINATIONS
 AND ELECTION**

**Last Council Meeting—Will
 Prepare Candidates' List This
 Evening—Nominations Closing Set
 For November 24.**

At the regular meeting of the town council held last evening, a number of important matters were discussed. The first item on the agenda was the election of a new mayor and council members. The council decided to hold the election on November 24th. Nominations for the election will close on November 17th. The council also discussed the matter of the town's finances and the need for a new school building.

The council also discussed the matter of the town's finances and the need for a new school building. The council decided to hold a public hearing on the matter of the school building on November 10th. OUR SLOGAN: An Industrial Metropolis of Industrious People Who Pull Together.

REDCLIFF, ALBERTA, THURSDAY, NOV. 13, 1919

A other Industry Wins Honor Flag

Another industry in Redcliff has won the Industrial Honor Flag for the Victory Loan. The plant, the Pressed Brick plant, which has been in operation for many years, has won the honor flag for its contribution to the war effort.

The chairman of the fire department has been elected mayor. The fire department has a long and distinguished history in Redcliff, and the election of its chairman as mayor is a great honor for the community.

Ontario Cabinet Is Announced

The high cost of living is the great problem of the day. The Ontario cabinet has announced its plans to deal with this problem. The cabinet has decided to increase the minimum wage and to provide for the payment of overtime.

Says Bonins Means Depriving Widows

Depriving a widow of her means is a cruel thing to do. The Ontario cabinet has announced its plans to deal with this problem. The cabinet has decided to increase the minimum wage and to provide for the payment of overtime.

What Does the High Cost of Living Mean to the Soldier?

The high cost of living is a great problem for the soldier. The Ontario cabinet has announced its plans to deal with this problem. The cabinet has decided to increase the minimum wage and to provide for the payment of overtime.

Farmers Get Busy in Western Provinces

The arrival at Winnipeg of the W. V. A. has caused a great deal of excitement among the farmers in the western provinces. The farmers are busy preparing for the election and for the coming year.

Manitoba Doctors To Be Prosecuted

More than a score of doctors in the province of Manitoba will be prosecuted for their part in the execution of the war. The doctors have been accused of providing false information to the government.

Will Give Relief To Farmers of South

An office for the administration of relief to needy settlers in southern Alberta will be opened in Medicine Hat. The office will be under the auspices of the department of agriculture.

GET THE GUN.

The great success with which the canvassers for the Victory Loan are meeting has been a surprise to the people and a source of great satisfaction to the local executive. At this writing the amount of bonds issued has exceeded the most optimistic expectations. Twenty-five thousand dollars was Redcliff's allotment and there were those who said: "We'd never get it." Today we have subscribed more than double that amount and the Review has reason to believe that if every man, woman and child in town takes the interest in this loan that he and she should, we would have three times our allotment by Saturday night. In fact we will make the prediction—knowing that all are more interested now than ever—that Redcliff will turn in that amount at the close of the drive. We know, however, that to obtain this end everyone must get busy. Let us, then, leave no stone unturned to get every possible subscriber to take out a bond.

At the opening of the campaign the winning of the big German gun in Redcliff was thought impossible. Now those interested realize that it is not only possible but very probable that the gun will come to Redcliff. All that is necessary is concerted action and untiring energy. In these, the closing days of the campaign.

If our business men and citizens generally only realized fully what it means to this country, and especially to manufacturing centres, to have this loan a whirlwind success, Redcliff would not stop short of one hundred thousand dollars. We could do it; we only thought so. Let us get our thinking caps on.

DEFAULTERS LIST.

At the last meeting of the town council it was unanimously decided to accept a defaulters' list again this year. The review was apposed to the compiling of a defaulters list as made up last year on the ground that it was unfair to a number of our resident ratepayers. Although this year's list will not take in those who are delinquent for the 1919 taxes we believe it is still unfair. If, as one of the councillors said, it is unfair to deprive those who were unable to pay their 1919 taxes of a vote, why is it not unfair to deprive those who have not paid their 1918 taxes? Those who failed to come through with their taxes in 1918 may have the same reason as the ones who couldn't make the grade in 1919, yet they are deprived of their vote, simply because they happened to hard up in a different year from one of the councillors.

The unfortunate part of the defaulters' list as at present instructed to be compiled, is that it really doesn't penalize the ones who are most deserving of being penalized. These may be thousands of miles away from Redcliff and wouldn't vote anyway. On the other hand it penalizes

property owners who are residents of the town, and because they are residents are helping to build up the town in a dozen different ways, even if they are for the moment unable to pay their taxes.

ANNUAL MEETING.

Throughout the year there is often heard complaints regarding the action of town and city councils. This is not confined to any particular town or city but is pretty general. When the annual meeting comes around, however, it often happens that it is hard to get a big enough crowd together to make any kind of a showing and usually these meetings pass off practically unnoticed.

The annual meeting for Redcliff ratepayers will be held in the Empire theatre on Monday evening, November 24th, when the present council will give an account of the year's work and present the financial statement. If there are any ratepayers who have any suggestions to offer and complaints to register, this would be a good time and place to do it. Ratepayers should be interested enough in the affairs of the town to attend these meetings and secure what information they may desire.

CANADA'S FINE RATING

At the present time Canada's rating on the New York money

market stands higher than that of any foreign nation and it is possible for her to obtain funds on that market on more favorable terms than any other country. The reason for this, as any financier will vouch, is Canada's increased production and the prosperity she has enjoyed by the sale of her surplus products at favorable prices in Great Britain and Europe. This vast system of marketing was effected through credits for which Victory Loan subscriptions provide the working capital. If for instance the public should turn an indifferent ear to the Victory Bond salesmen now at work, our prosperity and credit would be impaired, our production dwindle and everyone would feel the menace of poverty. There is good reason to hope that Canadians are awake to their responsibility and opportunity.

The allusion to Canada's high rating on Wall street brings up another phase of the loan question. While Canada can borrow abroad on more favorable terms than any other nation, it is not desirable that she should do so; for that would take large sums out of the country in annual interest payments. It would help build up the prosperity of the United States at our expense. It is much more expedient that Canadians should themselves be the lenders, and that the inter-

est should stay in the pockets of our own people. If it is profitable for Wall street to loan money to Canada it is equally profitable for Canadians to loan money to their country. This being the case every man who has the price of even one bond saved up, or who has steady work and could pay on the installment system, should have a Victory Bond.

PLAYING WITH MATCHES.

During September four children were burned to death, each as a result of playing with matches. Regrets are of no

avail. Children are fascinated by fire, and unless matches are kept where children cannot get to them, many more tragic deaths will occur. These were other people's children; yours may be next.

Quite frequently lately our attention has been drawn to numerous petty thefts which have taken place and in most cases the delinquents have been young boys. This is a habit which should be nipped in the bud, and in the nipping parents can play an important part. When children bring home articles

which they could not reasonably be expected to come in possession of, honestly parents should at once start an investigation and ferret it out to a finish. The light fingered habit is a bad one and if allowed to go unchecked will grow to alarming, and eventually, serious proportions.

An Anglo-American commission has bought for \$1,000,000 all Germany's private and state interests in the diamond fields in what was formerly German Southwest Africa. Some possible exposure over what is called the "secrecy of the deal," and allegations are made that the purchase was effected through undue influence in political quarters.

Make Your Dreams Come True

Fond parents dream of a bright future for their children.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in her sphere of womanhood.

They dream of the education they are going to give their son and vision him some day as a clergyman, a famous lawyer, an eminent physician, a prominent financier, or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight, planning and money.

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918.

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year?

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy

New Lantern Slide Available for Alberta

The Department of Extension, University of Alberta, has made special lantern slides on the International Harvester Company to secure these sets of lantern slides on agricultural topics for its provinces of Alberta during the present year. These slides, which are made by specialists, are accompanied by suitable reading material, consist of sets on the following subjects:

Alfalfa
 Various weeds.
 Live Stock.
 Dairying for Profit.
 On Crop.
 Poultry.
 House Fly.
 Agricultural Education.
 Canning.
 Home Garden.
 Sheep Husbandry.

Any of these sets can be borrowed free of charge for the payment of return express charges. Application should be made to the Division of Visual Instruction, Department of Extension, University of Alberta.

PEACE DAY.
 There was a black boy that ran loose in the town.
 And the boys they did chase it around.
 On Peace Day

The hour it was late when the boys from the dance,
 At the old black town took a glance
 On Peace Day.

The day, he mounted the quiet old steed.
 On Peace Day.

The head of the grand procession to lead,
 On Peace Day.

The boys and the home they all felt frisky,
 The usual result of old Scotch whisky,
 On Peace Day.

The Cnf assembled the staid from behind,
 Just lifted his leg to gently remind,
 That, this was Peace Day.

AGRICULTURE FOR SOLDIERS.
 With a view to doing everything possible to assist returned soldiers to qualify under the terms of the Land Settlement Scheme, and also to assist them to become better farmers, the College of Agriculture of the University of Alberta, began on October 1st, 1926, special short courses for returned soldiers. The courses are so arranged that a new group can be started every month, though five months are required to complete the whole course. The average attendance is around ninety, with a waiting list of about sixty, on the average. The lectures of these men to improve their agricultural knowledge has been a source of intense satisfaction to the instructors, and those who have completed the course, not only on their own land, have, without a single exception, made good.

Conditions Will be Hard on Live Stock

The situation with respect to livestock in Alberta is exceedingly alarming, according to the latest reports. Estimates as to the losses which are liable to occur within the coming winter months, run as high as 50 per cent. Superintendent Pennington, of the south in Alberta division, of the mounted police, a man who was versed in the conditions, is reported to have said. Other estimates range about 80 per cent.

Comparison with the year 1925, when last winter set in so early, shows great similarity of conditions as regards stock with the exception, which is due to the seriousness of the situation this year was a dry year and the ice is practically no grass for the stock.

Will Keep Record Of Canadian Graves

The Imperial War Graves Commission has decided to place in each cemetery where Canadian soldiers are buried a complete register of the names of the soldiers buried there. The register will contain information submitted by the next of kin in regard to parentage and birthplace of the soldier, and any further particulars of his military and civilian career that may be desired.

This announcement has come through the government department of public information. It is also stated that provision is now being made by the Imperial War Graves Commission for permanent memorials to be erected on the graves in all theatres of war. These will bear the regimental badge, number, rank and name and initials or Christian names of the soldier, date of death, and the name of the unit. An appropriate religious emblem will also be carved on the memorial and a space has been provided for a text of inscription chosen by the next of kin which will be engraved.

Plenty of Feed In Blackie District

If the necessary best cars can be supplied to the railways there would seem to be a way out of the terrible situation now existing in the southern part of Alberta, notably around the Canadian district, where the cattle are starving, to hay in any quantity supplied by, and in, grain.

In the Blackie district, according to the report, there is a mere plan 10,000 tons of green feed in stock, which can, and some of which already has been shipped in cars without any preliminary grading, and lands at Cardston at \$20 a ton. The feed is carefully packed, so that even over to nine tons can be put in a good year and the price at Blackie is \$17 1/2 a ton. It is to be hoped that the C.P.R. will make every possible effort to supply the necessary cars, so that the feed can be sent to the districts to the south may be sent at once. Already many of the cattle are so thin that weak that a few days' delay will mean a loss of thousands of head, which may yet be saved by prompt action.

U.S. Miners Obey Mandate of Judge

The United Mine Workers of America, through its general committee, decided early on Tuesday to obey the mandate of United States District Judge Anderson, which means the recall of the order for a strike of 425,000 bituminous coal miners of the nation.

The decision was reached at 4:10 o'clock in the morning, after more than seventeen hours' discussion.

 President. Sec. Treas.
 Ladies' Auxiliary to G. W. V. A. meets in Club Rooms first Wednesday in each month.

ADMIRAL JELICOE IS NOW VISITING CANADA.

Admiral Jelicoe is expected to arrive in Victoria, B. C., last Monday and will make a tour through Canada in connection with naval business for the empire.

He inspected the naval dockyard at Esquimalt and the naval college during the morning, and spent the afternoon in technical investigation affecting Esquimalt harbor as a naval base.

\$9,000 an Acre off Irrigated Land

Probably the greatest returns ever produced on twelve acres in this province, or in any of the prairie provinces, is now being harvested by J. H. Stung of Brooks, Alta. From this area of irrigated land he is harvesting a crop of alfalfa seed which is yielding fourteen bushels of excellent seed to the acre. This seed is worth fifty-five cents a pound, and every pound of it can be readily sold in the district at this price. The cash returns from this crop, therefore, are equivalent to \$740 from each acre, or about \$9,000 from the twelve acres.

This should be an inducement for farmers of this district to get busy and use their time and influence in getting an irrigation system started in this district.

Annual Meeting

The annual ratemakers' meeting for Redcliff School District No. 2283, will be held at the same time and place as the town meeting, namely in Empire theatre, on the evening of Nov. 24th. Nominations for representatives will be held in Crowe's hall on December 1st, between the hours of 11 a.m. and 12 noon. Should an election be necessary same will be held in Crowe's hall on December 8th, between the hours of 10 a.m. and 7 p.m.

W. H. RIDDELL, Secretary.

Why You Should Deal at Home!

Because by so doing you are helping to build up your own town. Every dollar you spend in your own town helps to build up your own Schools, Churches, Roads, Sidewalks, Sewers, Waterworks, etc. The money you send out of town helps to build up some other place, and increase the value of some other man's property instead of your own.

BE A BOOSTER FOR YOUR TOWN
